Our Commitment. Our Professional and Personal Standards

While in our care your loved one is treated with the highest level of care and respect. On the day of the cremation, we will make our way to the crematorium at the appointed time, using our traditional hearse. Our team of professionals will carry the coffin into the chapel and place it upon the catafalque. No service will take place, however our team will stand in the front row of pews in the chapel for a few moments. The curtain will close around the catafalque while music plays, and our pallbearers will respectfully leave the chapel.

LEROY FUNERALS

We are members of The Society of Allied & Independent Funeral Directors, also The National Association of Funeral Directors whose code of practice is recommended by the Office of Fair Trading.
